Managed Services

Our Office Easy takes on the 365° responsibility of the entire IT operations of the organization, with 24X7 monitoring and problem resolution.

The WorkMagic Advantage

Top-notch consulting services that will help companies improve their IT infrastructure, optimize business process and enhance

PAST PERFORMANCE

COMMUNITY IMPACT

Community impact continues to be an intragal part of WorkMagic's Conscious Culture. Our platforms integrate community impact into our business operations, reinforcing our commitment to supporting communities in need and setting expectation that community impact is a business imperative.

MANAGED SERVICES.

We successfully have moved clients that where long-term users of another provider. They could not believe how easy it was and where very impressed with our follow up and level of expertise.

CYBER SECURITY

WorkMagic had a client, that in the middle of the migration to WorkMagic, had a Ransomware attack on his system. As part of the protocols, WorkMagic had downloaded all his hard drive information to the WorkMagic Cloud (in order to transfer). This Ransomware locked him out of everything in his computer. We successfully removed the Ransomware and loaded back his information. Very happy client.

COMPLETE DYNAMICS ERP SOLUTION.

We have moved a client from a legacy Customer Relationship Management System to a full-blown ERP. They now can produce reports and analyze all they do with a dashboard. Efficiency is up 78%.
